Product description

This high-quality 18-inch GT3 R wheel for the Porsche 911 model 992 is an original Porsche part, manufactured by renowned manufacturer BBS. With a width of 12.5J and an offset (ET) of 33, this wheel offers an excellent fit and is specially designed for the high demands of sports cars. The rim has the OEM number 9F0601023A and is a used part in very good, undamaged condition.

The BBS wheel features a robust construction that enhances both the aesthetics and performance of your vehicle. The use of high-quality materials ensures durability and reliability. The wheel is perfectly suited for use on the road or on the racetrack, having been specially developed for the requirements of the Porsche 911 model 992 GT3 R.

Thanks to its symmetrical arrangement (location_lr: L=R), the rim can be mounted on both the left and right sides. With a rim width of 12.5J, it offers excellent road grip and is ideally designed for use with wider tyres. The 18-inch size is optimally matched to the dynamic handling of the Porsche 911 GT3 R.

In summary, this BBS rim is an excellent choice for drivers who value quality, performance and originality. It combines technical perfection with classic Porsche design to get the most out of your vehicle.
