Product description

This high-quality 18-inch GT3 R wheel from BBS, specially designed for the Porsche 911 model 992, offers an excellent combination of style and performance. The rim has a width of 12.5J and an offset (ET) of 33, ensuring an optimal fit and excellent driving characteristics. With the OEM number 9F0601023A, this rim guarantees originality and the highest quality, as required by Porsche.

The wheel is new and undamaged, making it an excellent choice for vehicle owners who want to improve performance and aesthetics without compromising on quality. The designation "Porsche Original Parts" emphasises that this is an authentic product that meets Porsche's strict specifications.

In addition, this rim is suitable for both the left and right sides of the vehicle, simplifying installation and offering flexibility. The size and specific features, such as the width of 12.5J and the offset of 33, contribute to improved road holding and more responsive handling.

The GT3 R wheel from BBS is not only functional but also aesthetically pleasing, making it an ideal choice for vehicle owners who value performance and style.
