Price:	5.189,01 € (nett:4.360,51 €)

Product description

This set of 19-inch SportDesign summer wheels is specially designed for the Porsche 911 models 997 Carrera and Carrera S (rear-wheel drive). The wheels are equipped with dimensions of 8J x 19 ET57 for the front axle and 11J x 19 ET67 for the rear axle. This ensures an optimal fit and excellent driving performance.

The wheels come with brand new Michelin summer tyres in sizes 235/35 R19 for the front axle and 295/30 R19 for the rear axle. These tyres offer excellent grip and stability at high speeds as well as improved braking performance, making them ideal for sporty driving.

The wheels are also equipped with TPMS sensors that continuously monitor tyre pressure for added safety and comfort.

The OEM numbers for these wheels are 99704460372 and 99704460272, confirming their authenticity and quality as genuine Porsche parts. Although the rims are used, they are in mint condition with very low mileage and possibly minimal signs of use or storage. The tyres are brand new (0 km). This wheel set is an excellent choice for drivers who want to enhance the performance and appearance of their Porsche 911 997 Carrera or Carrera S without compromising on quality and safety.

Technical specifications

Front rims:	Article number: 99736215604 Quantity: 2 Rim width: 8J Rim diameter (inch): Offset (ET):
