### Product description

This set of Carrera Classic summer wheels for the Porsche 911 model 992.1 is an excellent choice for drivers who value quality and performance. The set consists of two 20-inch rims measuring 8.5J x 20 ET50 and two 21-inch rims measuring 11.5J x 21 ET67. These dimensions ensure an optimal fit and excellent driving stability. The rims are fitted with high-quality Goodyear Eagle F1 Asymmetric 3 summer tyres. The tyre sizes are 245/35 R20 at the front and 305/30 R21 at the rear, which ensures excellent road holding and precise steering response. This tyre combination has been specially developed for high speeds and good wet grip, making it ideal for summer conditions. In addition, the wheels are equipped with TPMS (tyre pressure monitoring system) sensors that constantly monitor the pressure in the tyres, ensuring increased safety and efficiency.

The rims and tyres are new, unused and undamaged. As original Porsche parts with the OEM number 992044661K, they guarantee the highest quality and have been specially developed for the Porsche 911 model 992, ensuring perfect compatibility and performance.

This wheel set is not only functional but also aesthetically appealing, making it an excellent choice for any Porsche enthusiast who wants to upgrade their vehicle both technically and visually.

## Technical specifications
