Discount:	40%
Available:	shipping in 2-3 weeks
Price:	4.232,00 € (nett:3.556,30 €)

Product description

This set of 20-inch Carrera S III summer wheels is specially designed for the Porsche 911 model 991.1 Carrera and Carrera S (rear-wheel drive, pre-facelift). The wheel combination consists of 8.5J x 20 ET51 rims for the front axle and 11J x 20 ET70 rims for the rear axle, ensuring an optimal fit and excellent driving performance.

The rims have a high-gloss black finish, which is not only aesthetically pleasing but also offers high resistance to environmental influences. These are complemented by brand new Pirelli P Zero summer tyres in sizes 245/35 ZR20 for the front axle and 295/30 ZR20 for the rear axle. These tyres are known for their exceptional road grip and improved driving dynamics in warm weather conditions. In addition, the wheels are equipped with TPMS (tyre pressure monitoring system) sensors, which constantly monitor the pressure in the tyres and contribute to safety by informing the driver when the tyre pressure deviates from the optimum value.

The OEM numbers for these wheels are 99104460254 and 99104460204, confirming their authenticity and compliance with Porsche's high quality standards. Although the rims are used, they are in mint condition with low mileage and minimal signs of use or storage. The tyres are brand new (0 km mileage), which guarantees excellent quality and performance. This wheel set is an excellent choice for drivers who want to improve the performance and appearance of their pre-facelift Porsche 911 991.1 Carrera or Carrera S without compromising on quality and safety.

Technical specifications

Front rims:	Article number: 99136416104041 Quantity: 2 Rim width: 8,5J Rim diameter (inch): Offset (ET):
