Discount:	40%
Available:	availability on request
Price:	3.955,21 € (nett:3.323,71 €)

Product description

This set of 20" Carrera S (III) summer wheels is specially designed for the Porsche 911 model 991.1 C2/C2S (rear-wheel drive, pre-facelift). It includes high-quality rims in the dimensions 8.5J x 20 ET51 for the front axle and 11J x 20 ET70 for the rear axle. The rims feature an attractive platinum silk matt finish, which is not only aesthetically pleasing but also offers high resistance to environmental influences.

This wheel set includes brand new Pirelli summer tyres in sizes 245/35 ZR20 for the front axle and 295/30 ZR20 for the rear axle. These tyres offer excellent performance on dry and wet roads, making them ideal for summer use. The combination of the specific rims and tyres ensures optimum driving characteristics and improved road holding. Another highlight of this wheel set are the integrated TPMS (tyre pressure monitoring system) sensors, which constantly monitor the pressure in the tyres and thus ensure increased driving safety.

The OEM numbers for this product are 99104460256 and 99104460206, which confirms the authenticity and high quality of the parts as Porsche genuine parts. Although the rims are used, they are in mint condition with low mileage and minimal signs of use or storage. The tyres are brand new (0 km). This wheel set is an excellent choice for drivers who value quality, safety and outstanding appearance. It is ideal for optimising the driving experience of a Porsche 911 991.1 C2/C2S while emphasising the stylish character of the vehicle.

Technical specifications

Front rims:	Article number: 991362161040B5 Quantity: 2 Rim width: 8,5J Rim diameter (inch): Offset (ET):
