Discount:	<b>50%</b>
Available:	<b>ready for shipping</b>
<b>Price:</b>	<b>2.945,25 €</b> <b>(nett:2.475,00 €)</b>

### Product description

This set of 20-inch Carrera S III winter wheels is specially designed for the Porsche 911 model 991.1 C2/2S with rear-wheel drive. The set includes two front rims in size 8.5J x 20 ET51 and two rear rims in size 11J x 20 ET70. These dimensions ensure an optimal fit and excellent driving performance in winter conditions. The wheels are fitted with high-quality Michelin winter tyres, which are supplied in size 245/35 ZR20 at the front and 295/30 ZR20 at the rear. These tyres offer excellent grip and stability on snow and ice, significantly improving the safety and handling of the vehicle.

An additional feature of this wheel set is the integrated TPMS (tyre pressure monitoring system), which constantly monitors the condition of your tyres and thus provides an additional level of safety.

The rims themselves are listed as original Porsche parts under OEM numbers 99104460044 and 99104460004, thus guaranteeing the highest quality and accuracy of fit. Although marked as used, the rims are in mint condition with very low mileage and minimal signs of use or storage. The tyres are brand new (0 km mileage), giving you the assurance that no previous wear or ageing will compromise quality. This wheel set is an excellent choice for drivers who do not want to compromise on the performance and safety of their Porsche 911, even in winter, and who value original parts with a perfect fit and outstanding quality.

## Technical specifications

Front rims:	Article number: 9913621610488Z Quantity: 2 Rim width: 8,5J Rim diameter (inch): Offset (ET):
