Price:	3.623,55 € (nett:3.045,00 €)

Product description

This set of 20" Cayenne Design winter wheels is specially designed for the Porsche Cayenne E3/9Y0 I (pre-facelift, 2018-2023) and offers an optimal combination of style and functionality for the winter months. The wheels are not suitable for the Cayenne Coupé.

The rims in this set have dimensions of 9J x 20 ET50 for the front axle and 10.5J x 20 ET64 for the rear axle, ensuring a perfect fit and excellent driving stability. The Michelin winter tyres supplied in sizes 275/45 R20 for the front axle and 305/40 R20 for the rear axle offer excellent traction and safety on winter roads.

A special feature of this wheel set are the integrated TPMS (tyre pressure monitoring system) sensors, which constantly monitor the air pressure and contribute to safety by informing the driver when the tyre pressure is not optimal.

The OEM numbers for these wheels are 9Y0044615B, 9Y0044610B and 9Y0044600B, confirming their authenticity and quality as Porsche original parts. These wheels are new, unused and undamaged, making them an excellent choice for Porsche Cayenne owners who do not want to compromise on quality and performance. This set of winter wheels is an ideal choice for Porsche Cayenne drivers who do not want to compromise on performance and aesthetics, even in the winter months.

Technical specifications

Front rims:	Article number: 9Y0601025CT88Z Quantity: 2 Rim width: 9J Rim diameter (inch): Offset (ET):
