Available:	<b>ready for shipping</b>
<b>Price:</b>	<b>3.105,90 €</b> <b>(nett:2.610,00 €)</b>

### Product description

This set of 20" Cayenne Design winter wheels is specially designed for the Porsche Cayenne E3/9Y0 (model years 2018-2023 before the facelift) and offers an optimal combination of style and functionality for the winter months. The wheels are fitted with high-quality Pirelli winter tyres, with the front tyres measuring 275/45 R20 and the rear tyres 305/40 R20, ensuring excellent traction and performance in winter road conditions.

The rims are 9J x 20 ET50 for the front axle and 10.5J x 20 ET64 for the rear axle, ensuring a perfect fit and balanced driving characteristics. In addition, the wheels are equipped with TPMS (tyre pressure monitoring system) sensors that constantly monitor the condition of your tyres and contribute to safety.

The wheels carry the OEM number 9Y0044617B DOT-22 and are only suitable for the Porsche Cayenne E3/9Y0, but not for the Cayenne Coupé model. As new original parts from Porsche, these winter wheels guarantee the highest quality and durability.

With a production date of 2022, these wheels are new, unused and undamaged, making them an excellent choice for any Porsche Cayenne owner who wants to equip their vehicle for winter without compromising on style or performance.

## Technical specifications
