Discount:	30%
Available:	availability on request
Price:	3.486,09 € (nett:2.929,49 €)

Product description

The 20" winter wheel set for the Porsche Cayenne S E3/9Y0 II (facelift 2023-) is an excellent choice for drivers who do not want to compromise on performance and safety during the winter months. This set, specially developed for the Porsche Cayenne E3/9Y0 II from model year 2024 onwards, is not suitable for the Cayenne Coupé.

The set includes four high-quality rims: two measuring 9J x 20 ET50 and two more measuring 10.5J x 20 ET64. These dimensions ensure an optimal fit and driving stability. The rims are combined with Hankook winter tyres in sizes 255/55 R20 for the front wheels and 295/45 R20 for the rear wheels. These tyres offer excellent traction and control in winter road conditions.

Another important feature of this wheel set is the integrated TPMS (tyre pressure monitoring system) sensors, which constantly monitor the pressure in each tyre, providing an additional level of safety.

The item is new, unused and undamaged, ensuring its quality and durability. As an original Porsche part with the OEM number 9Y0044603B, this winter wheel set guarantees perfect compatibility and performance that meets Porsche's high standards. This set is an ideal addition to your Porsche Cayenne to ensure safety and driving comfort during the cold months.

Technical specifications

Front rims:	Article number: 9Y0601025CB8Z8 Quantity: 2 Rim width: 9J Rim diameter (inch): Offset (ET):
