Product description

This set of 20" off-road design summer wheels for the Porsche Taycan J1 (2019-2024) combines stylish design with outstanding functionality. The rims measure 9J x 20 ET54 for the front axle and 11J x 20 ET60 for the rear axle, ensuring an optimal fit and excellent driving stability. The high-quality Michelin summer tyres in sizes 245/45 R20 at the front and 285/40 R20 at the rear offer excellent traction and improved handling in warm weather conditions. In addition, the wheels are equipped with TPMS sensors that continuously monitor tyre pressure for increased safety and efficiency. The combination of robust rims and high-performance tyres makes this set ideal for Taycan drivers who value both aesthetics and functionality. The item is new, unused and undamaged, making it a reliable choice for your vehicle. In addition, these are Porsche original parts, which guarantees high quality and durability. The OEM number for this product is 9J1073650J, which makes it easy to reference when ordering and checking compatibility. This set of summer wheels is an excellent choice for Taycan owners who want to equip their vehicle optimally for the summer months.
