Discount:	50%
Available:	ready for shipping
Price:	3.412,33 € (nett:2.867,50 €)

Product description

These 20-inch Panamera Design summer wheels for the Porsche Panamera model 971 are an excellent choice for drivers who want both style and performance. The set consists of two 9.5J x 20 ET71 rims and two 11.5J x 20 ET68 rims, which are perfectly matched to the dimensions and handling of the Panamera.

The wheels are fitted with high-quality Michelin summer tyres, 275/40 ZR20 at the front and 315/35 ZR20 at the rear, which ensure excellent driving characteristics in warm weather conditions. These tyres are new and therefore offer optimum performance and safety right from the first kilometre.

Another highlight of this wheel set is the integrated TPMS (tyre pressure monitoring system), which constantly monitors the pressure in the tyres and thus contributes to driving safety.

The rims and tyres are in mint condition with very low mileage, making them look almost like new. They may show minimal signs of use or storage, but this does not affect their quality or performance.

The OEM number for this set is 971044665F, which confirms its authenticity and specific fit for the Porsche Panamera model 971. This set is an excellent choice for those who want to equip their vehicle with original Porsche parts that are both aesthetically pleasing and functionally superior.

Technical specifications

Front rims:	Article number: 971601025CK88Z	
	Quantity: 2	
	Rim width: 9,5J	
	Rim diameter (inch): 20"
