Product description

This original Porsche 911 992 Turbo S Exclusive Design wheel in size 9.5J x 20 ET44 not only adds an aesthetic touch to your vehicle, but also ensures excellent driving performance. The high-gloss black finish gives the wheel a luxurious and attractive appearance that is sure to turn heads. The rim is specially designed for the Porsche 911 model of the 992 series, guaranteeing a perfect fit and optimum performance.

The technical specifications of the wheel include a width of 9.5J and a diameter of 20 inches, with an offset (ET) of 44. These dimensions are ideal for balancing sporty aesthetics and functional performance. The wheel bears the OEM number 992601025AF041, which confirms its authenticity as an original Porsche part.

The product is new, which means that it is a new, unused and undamaged item. As a genuine Porsche original part, this rim not only offers excellent quality, but also a long service life and reliability.

This wheel is suitable for both the left and right sides of the vehicle and is intended for mounting on the front axle. The combination of exclusive design and high-quality workmanship makes this wheel a first-class choice for any Porsche 911 992 owner who wants to enhance the appearance of their vehicle while benefiting from the high quality of original parts.
