Available:	availability on request
Price:	4.059,08 € (nett:3.410,99 €)

Product description

This set of 20" Turbo summer wheels for the Porsche Macan II / III, model years 2019 to 2025, is an excellent choice for drivers who value performance and aesthetics. The set includes four high-quality rims in a platinum finish, two measuring 9J x 20 ET26 for the front axle and two measuring 10J x 20 ET19 for the rear axle, offering impressive road presence and improved driving dynamics.

The rims are fitted with Pirelli summer tyres, 265/45 R20 at the front and 295/40 R20 at the rear, which ensure excellent grip and performance in warm weather conditions. This tyre combination has been specially selected to optimise the vehicle's handling and stability, which is particularly beneficial at higher speeds and when cornering.

In addition, the wheels are equipped with TPMS (tyre pressure monitoring system) sensors that constantly monitor the air pressure and contribute to safety by informing the driver if a critical pressure drop occurs. The OEM number for this wheel set is 95B044665FP, which confirms its authenticity and quality as a Porsche original part. This not only guarantees a perfect fit, but also compliance with Porsche's high safety and quality standards. New and unused, this item comes in perfect condition, ready to enhance the aesthetics and performance of your Porsche Macan. Ideal for drivers looking for a combination of stylish design and functional performance.

Technical specifications

Front rims:	Article number: 95B601025DJOB5 Quantity: 2 Rim width: 9J Rim diameter (inch): 20" Offset (ET): 26
