Product description

This high-quality 20-inch centre-lock wheel in Turbo S Exclusive design is specially designed for the Porsche 911 model 991 Turbo/Turbo S. With a width of 11.5J and an offset (ET) of 56, this wheel offers a perfect fit and excellent driving characteristics. The colour combination of black and golden yellow gives your vehicle a particularly exclusive and eye-catching look.

The rim is new and unused, making it an ideal choice for vehicle owners who value original parts and flawless quality. The OEM number 99136478000KAZ guarantees that this is an authentic Porsche original part that has been specially developed for use in your Porsche 911 model 991 Turbo/Turbo S.

Thanks to the central locking system, the wheel rim can be quickly and securely mounted on the vehicle, which is particularly advantageous for frequent wheel changes, as is common in motorsport. The specific dimensions and design not only enhance the aesthetic appeal of your Porsche, but also optimise driving performance through improved stability and handling.

This wheel is suitable for both the left and right sides of the vehicle and is mounted at the rear. It is an excellent choice for all Porsche 911 model 991 owners who want to take the look and performance of their vehicle to a new level.
