Price:	6.323,37 € (nett:5.313,76 €)

Product description

This set of 21" exclusive design summer wheels is specially designed for the Porsche Taycan 9J1 (2019-2024) and offers a perfect combination of style and performance. The rims measure 9.5J x 21 ET60 for the front axle and 11.5J x 21 ET66 for the rear axle, ensuring an optimal fit and excellent driving stability.

The wheels are fitted with high-quality Goodyear summer tyres in sizes 265/35 R21 at the front and 305/30 R21 at the rear, which ensure excellent traction and handling in warm weather conditions. The silver colour of the rims gives your Porsche Taycan an elegant and attractive appearance.

In addition, the wheels are equipped with TPMS (tyre pressure monitoring system) sensors that constantly monitor the pressure in the tyres and contribute to safety by informing the driver when the tyre pressure is not optimal. The item is new, unused and undamaged, making it an excellent choice for Porsche owners looking for original parts for their vehicle. The OEM number for this wheel set is 9J1073660P, which confirms the authenticity and quality of the parts. This exclusive wheel set is not only a functional upgrade, but also a visual enhancement for your Porsche Taycan, taking its aesthetics and performance to the next level.
