Available:	<b>ready for shipping</b>
<b>Price:</b>	<b>7.200,68 €</b> <b>(nett:6.050,99 €)</b>

## Product description

This set of 21" exclusive design summer wheels is specially designed for the Porsche Taycan J1 (built between 2019 and 2024) and offers an outstanding combination of aesthetics and performance. The rims are available in sizes 9.5J x 21 ET60 and 11.5J x 21 ET66, ensuring a perfect fit and excellent driving stability. They are fitted with brand new Goodyear summer tyres in sizes 265/35 R21 and 305/30 R21, which provide optimum grip and safety in warm weather conditions.

A special highlight of this wheel set are the integrated carbon aeroblades. These components are not only visually appealing, but also functional, improving the aerodynamics of the vehicle, which leads to increased efficiency and improved driving characteristics. The wheels are equipped with TPMS sensors that continuously monitor the tyre pressure, thus contributing to driving safety. The rims themselves are considered to be as good as new, as they have very low mileage and show only minimal signs of use or storage. The tyres are brand new (0 km mileage), giving you the assurance that no previous wear or ageing will affect their quality.

The OEM number for this wheel set is 9J1073660S. This confirms that these are original Porsche parts that have been specially developed for the Taycan, guaranteeing the highest quality and compatibility. In summary, this 21" Exclusive Design summer wheel set is an excellent choice for Porsche Taycan owners who value quality, safety and improved driving performance.

## Technical specifications

Front rims:	Article number: 9J1601025S 041 Quantity: 1 Rim width: 9,5J Rim diameter (inch): Offset (ET):
Front rims:	Article number: 9J1601025AE041 Quantity: 1 Rim width: 9,5J Rim diameter (inch): Offset (ET):
Rear rims:	Article number: 9J1601025T 041 Quantity: 1 Rim width: 11,5J Rim diameter (inch): Offset (ET):
