Discount:	20%
Available:	ready for shipping
Price:	6.268,91 € (nett:5.267,99 €)

Product description

This set of 21" RS Spyder Design summer wheels is specially designed for the Porsche Taycan J1 (2019-2024) and offers an outstanding combination of style and performance. The rims, available in sizes 9.5J x 21 ET60 and 11.5J x 21 ET66, feature an attractive black satin finish that is not only aesthetically pleasing but also highly resistant to scratches and wear.

Equipped with high-quality Goodyear summer tyres in sizes 265/35 R21 for the front axle and 305/30 R21 for the rear axle, these wheels guarantee optimum grip and stability at high speeds, thereby improving the driving dynamics of your Taycan. The tyres are specially designed for warm weather conditions and offer excellent performance on both dry and wet surfaces.

In addition, the wheels are equipped with TPMS (tyre pressure monitoring system) sensors that constantly monitor the condition of your tyres, ensuring increased safety and efficiency. This feature is particularly important as it helps to maintain tyre pressure at the optimum level, which in turn reduces fuel consumption and extends the life of the tyres.

The OEM number for this wheel set is 9J1073660N, which confirms its authenticity as an original Porsche part. As a new, unused and undamaged product, this wheel set is an excellent choice for Porsche Taycan owners who value quality, performance and originality.

Technical specifications

Front rims:	Article number: 9J1601025BCJE1 Quantity: 2 Rim width: 9,5J Rim diameter (inch): Offset (ET):
