Discount:	30%
Available:	ready for shipping
Price:	4.956,37 € (nett:4.165,02 €)

Product description

This set of 21-inch exclusive design winter wheels is specially designed for the Porsche Cayenne Coupé E3/9Y0, model years 2019 to 2023, before the facelift. The wheel combination includes front rims in size 9.5J x 21 ET46 and rear rims in size 11.0J x 21 ET49. These are fitted with high-quality Continental winter tyres, 275/40 R21 at the front and 305/35 R21 at the rear, which ensure excellent traction and performance in winter conditions.

The wheels are also equipped with TPMS (tyre pressure monitoring system) sensors, which constantly monitor the pressure in the tyres for added safety and efficiency. The OEM numbers for these wheels are 9Y0044636J and 9Y0044631J, confirming their authenticity and specific suitability for the Porsche models mentioned.

As original Porsche parts, these winter wheels guarantee the highest quality and a perfect fit. They are new, unused and undamaged, making them the ideal choice for drivers who do not want to compromise on the performance and safety of their vehicle. Ideal for Porsche Cayenne Coupé owners who do not want to compromise on style and functionality, even in winter.

Technical specifications

Front rims:	Article number: 9Y0601025EROU7 Quantity: 2 Rim width: 9,5J Rim diameter (inch): Offset (ET):
