Product description

This set of 21-inch exclusive design winter wheels is specially designed for the Porsche Cayenne Coupé E3/9Y0 model from 2023 onwards. The wheel combination includes rims in sizes 9.5J x 21 ET46 and 11.0J x 21 ET49, which ensure an optimal fit and excellent driving stability. The fitted Michelin Pilot Alpin 5 SUV winter tyres in sizes 285/45 R21 and 305/40 R21 offer excellent traction and performance in winter conditions.

In addition, the wheels are equipped with TPMS (tyre pressure monitoring system) sensors, which constantly monitor the pressure in the tyres and contribute to safety by informing the driver when the tyre pressure is not optimal. The rims and tyres are new, unused and undamaged. As Porsche genuine parts, they guarantee the highest quality and accuracy of fit. The OEM number for this set is 9Y0044633G, which confirms its authenticity and specification for the Porsche Cayenne Coupé E3/9Y0. This wheel set is an excellent choice for drivers who do not want to compromise on performance and aesthetics in winter, while also valuing safety and originality.

Technical specifications
