Discount:	30%
Available:	ready for shipping
Price:	4.956,37 € (nett:4.165,02 €)

Product description

This set of 21" exclusive design winter wheels is specially designed for the Porsche Cayenne E3/9Y0 (model years 2018-2023 before facelift) and offers an optimal combination of style and functionality for the cold season. The wheels are not suitable for the Cayenne Coupé.

The rims in this set are 9.5J x 21 ET46 for the front axle and 11.0J x 21 ET58 for the rear axle, ensuring a perfect fit and excellent driving stability. The fitted Pirelli winter tyres in sizes 275/40 R21 at the front and 305/35 R21 at the rear offer excellent grip and safety on winter roads. A special feature of this wheel set are the integrated TPMS (tyre pressure monitoring system) sensors, which constantly monitor the air pressure and thus contribute to driving safety.

The OEM numbers for this wheel set are 9Y0044615J, 9Y0044610J and 9Y0044600J. These original Porsche parts guarantee the highest quality and a perfect fit.

The product is new, which means that it is a new, unused and undamaged item. This high-quality winter wheel set is an excellent choice for Porsche Cayenne owners who do not want to compromise on performance and aesthetics, even in winter.

Technical specifications

Front rims:	Article number: 9Y0601025EROU7 Quantity: 2 Rim width: 9,5J Rim diameter (inch): Offset (ET):
