Product description

This set of 21" Cayenne Turbo summer wheels for the Porsche Cayenne Coupé E3/9Y0 is an excellent choice for drivers who value quality and performance. The wheels were specially developed for the 2019 to 2023 model year of the Cayenne Coupé and are only compatible with this model.

The rims measure 9.5J x 21 ET46 for the front axle and 11.0J x 21 ET49 for the rear axle, ensuring an optimal fit and excellent driving characteristics. The Platinum Silk Matt finish gives your vehicle a stylish and elegant look.

The wheels are fitted with high-quality Pirelli P Zero summer tyres in sizes 285/40 R21 for the front axle and 315/35 R21 for the rear axle, which ensure excellent grip and performance in warm weather conditions.

These wheels were removed from a new car after only about 30 kilometres of driving and are therefore in mint condition. They bear the OEM number 9Y0044640G-30KM and are marked as original Porsche parts, confirming their authenticity and quality.

In summary, this set of summer wheels is an excellent investment for your Porsche Cayenne Coupé, not only improving its aesthetics but also optimising driving dynamics and safety in summer conditions.
