Price:	3.983,53 € (nett:3.347,50 €)

Product description

This set of 21" Turbo summer wheels for the Porsche Cayenne E3/9Y0 I (pre-facelift, built between 2018 and 2023) combines high functionality with an exclusive design. The rims in sizes 9.5J x 21 ET46 and 11.0J x 21 ET58 are finished in an attractive dark titanium with polished accents, giving your vehicle a particularly elegant look.

The high-quality Pirelli P Zero summer tyres in sizes 285/40 R21 for the front axle and 315/35 R21 for the rear axle offer excellent handling characteristics on dry and wet roads. These tyres are specially designed for high speeds and sporty driving, making them the perfect choice for your Porsche Cayenne.

In addition, the wheels are equipped with TPMS (tyre pressure monitoring system) sensors that constantly monitor the pressure in the tyres and contribute to safety by informing the driver of any pressure loss. Please note that this wheel set is not suitable for the Cayenne Coupé.

The OEM numbers for these wheels are 9Y0044661F and 9Y0044660F, which confirms their authenticity as Porsche original parts. You will receive a new, unused and undamaged product that has been specially developed for the Porsche Cayenne > Model 9Y0 (from 2018) model.

With this wheel set, you not only give your Porsche Cayenne an impressive look, but also benefit from the improved driving dynamics and safety offered by these high-quality components.

Technical specifications
