Price:	8.009,59 € (nett:6.730,75 €)

Product description

Enhance your Porsche Cayenne E3/9Y0 II (Facelift model from 2023 onwards, not suitable for Cayenne Coupé) with this set of 21" Cayenne Turbo winter wheels, meticulously designed to offer both aesthetic appeal and superior winter performance. This set includes high-gloss black rims sized at 9.5J x 21 ET46 for the front and 11.0J x 21 ET58 for the rear, perfectly complementing the dynamic styling of your Porsche.

The wheels are equipped with premium Continental winter tires, dimensions 275/40 R21 for the front and 305/35 R21 for the rear, providing excellent traction and stability in cold weather conditions. These tires are specifically engineered to handle winter roads, whether icy, snowy, or wet, ensuring a safe and comfortable driving experience.

Additionally, this wheel set comes with Tire Pressure Monitoring System (TPMS) sensors pre-installed. These sensors enhance safety by continuously monitoring tire pressure, alerting you to any significant changes that could potentially affect driving performance and tire life.

The OEM number for this product is 9Y0044611HTEXC, confirming its authenticity as a genuine Porsche original part, designed and manufactured to meet the exact specifications and rigorous standards of Porsche. This new, unused, and undamaged item ensures perfect compatibility and performance with the specified Porsche Cayenne models.

This set not only boosts the performance of your vehicle in harsh winter conditions but also enhances its exterior with a sleek, high-gloss black finish that stands out in both functionality and style. Whether navigating through tough winter landscapes or enhancing the look of your Porsche, these wheels are an essential upgrade for any discerning owner.
