Available: **availability on request**

Price: **5.737,00 €**
(nett:4.821,01 €)

Product description

This set of 21" Panamera Exclusive Design summer wheels is specially designed for the Porsche Panamera model 971 and offers an outstanding combination of style and performance. The rims measure 9.5J x 21 ET71 and 11.5J x 21 ET69 and are coated in an attractive high-gloss black finish that gives your vehicle an elegant and sporty look.

The wheels are fitted with new Michelin summer tyres, with the front tyres measuring 275/35 R21 and the rear tyres 315/30 R21. These tyres offer excellent grip and stability at high speeds, improving both the safety and handling of your vehicle.

In addition, the wheels are equipped with TPMS (tyre pressure monitoring system) sensors that constantly monitor the pressure in each tyre, ensuring optimum performance and safety.

The OEM number for this wheel set is 971044665S. Although the rims are marked as used, they are in like-new condition with very low mileage and possibly minimal signs of use or storage. The tyres are factory new, which means they have no mileage and are in immaculate condition.

This wheel set is an excellent choice for drivers who want to enhance the appearance and performance of their Porsche Panamera G2/971 without compromising on quality and performance.

Technical specifications

Front rims:	Article number: 971601025AP041 Quantity: 2 Rim width: 9,5J Rim diameter (inch): Offset (ET):
