Product description

This high-quality 21-inch rim for the Porsche 911 model 992 is an original part and bears the designation "Turbo S". The rim measures 11.5J x 21 with an offset (ET) of 67 and has an attractive platinum silk matt finish. This product is ideal for drivers who value aesthetics and performance and want to give their vehicle an exclusive look.

The wheel is new, unused and undamaged, making it an excellent choice for your vehicle, whether for upgrading or as a replacement part. The OEM number for this part is 992601025AAOB5, which ensures its authenticity and compatibility with the Porsche 911 model 992.

In addition to the technical specifications, this wheel rim can be mounted on both sides (left = right) and is specially designed for the rear axle of the vehicle. The wide dimension of the wheel rim allows for improved road grip and driving stability, which is particularly advantageous at higher speeds.

This original Porsche part will not only enhance the appearance of your vehicle, but also improve its performance and driving dynamics. Ideal for enthusiasts who do not want to compromise on quality and performance.
