Product description

60 Years of 911: the limited edition document folder from Porsche Classic is inspired by the famous houndstooth seat pattern of the first generation Porsche 911. High-quality Black leather, an embossed Porsche Crest - just like on the horn button of the first 911 generation - and a golden magnetic clasp with Porsche lettering round off the folder in a stylish way. The 60th anniversary badge is located on the lower right edge.

Inside, the document folder contains a compartment for the owner's manual and the technical specifications booklet for your Porsche, as well as a notepad with the historic Porsche Crest for jotting down important information. Also included is a folder with information about the anniversary of the 911, postcards with historical photos of the 911 and two stickers of the 60 Years logo. The document folder is limited to 911 pieces.

Discover more highlights of the '60 Years of 911' special edition in the Porsche Classic product range. Matching: key pouch, vehicle registration case and the touring bag 911.
