Product description

This front axle final drive is specifically designed for the Porsche 911 model 997.1 Carrera 4 and Carrera 4S, covering the pre-facelift years from 2005 to 2008. As an essential component in the vehicle's drivetrain, this OEM part ensures reliable power transmission from the engine to the wheels, enhancing both the performance and stability of your Porsche.

The part numbers for this front axle final drive are 99734901000 and 99734901001, confirming its authenticity and compatibility with specific Porsche models. Manufactured under the stringent standards of Porsche, this part maintains the premium performance expected from such a prestigious brand.

Condition-wise, this unit is used but in very good condition, showing no signs of damage. It is an original Porsche part, which guarantees that it meets the exact specifications and quality standards required for your vehicle. Installing this genuine part not only helps maintain the value of your Porsche but also ensures that it continues to perform at its best.

Ideal for owners looking to replace or upgrade their vehicle's front axle final drive, this part offers a perfect blend of reliability, performance, and peace of mind, knowing that it is designed to work seamlessly with your Porsche 911 Carrera 4 or Carrera 4S from the specified years.
