Product description

This high-quality silicone mould in the design of the Porsche crest can be used to make ice cubes in the shape of the Porsche crest as well as pralines, chocolates or butter portions with a detailed look. The flexible, food-safe mould ensures perfect results and is heat resistant from -40°C to +230°C, making it suitable for use in the freezer and the oven. A must-have for Porsche fans who celebrate their passion down to the very last detail.

Food-safe.

In the shape of the Porsche crest.

Suitable for use in the freezer and oven: from -40°C to +230°C.
