Product description

Porsch Chronograph – Pepita, silver/black, Limited Edition / 1.911 pcs..

The chronograph from the exclusive Pepita Collection was designed by Studio F. A. Porsche. Contemporary features win the race: equipped with a RONDA analogue quartz movement and a case made of finely brushed stainless steel, the chronograph captivates with its polished crown and pushers as well as an engraved Porsche crest on the front face. The mineral glass with sapphire and anti-reflective coating protects the dial, which features a monochrome 3D print of the Pepita pattern and a Porsche crest. Super-LumiNova-coated hour and minute hands ensure optimal readability. In addition to the date window at 4 o'clock, the chronograph boasts three totalisers for comprehensive time measurement: second counter (3 o'clock), chrono 30-minute counter (9 o'clock), chrono hour counter (6 o'clock). The butterfly clasp – adorned with engraved Porsche lettering – and 'Made in Germany' lettering at 6 o'clock complete the exclusive appearance. In short: refined details and the perfect combination of form and function make the Pepita chronograph a real must-have for all racing fans.
