Product description

The roof skin for the Porsche 911 model 992, specifically designed for the GT3RS with the Weissach package, is a high-quality component for anyone who values performance and aesthetics. This component is made of carbon, which enables a significant reduction in weight and thus improves the overall performance of the vehicle. Carbon is known for its strength and durability, making it an ideal material for performance-oriented vehicle components. The OEM number for this specific roof skin is 9GT817018L A3G, which ensures its authenticity and compatibility with the Porsche 911 model 992. This is a used part, but it is in very good condition and has no damage. As an original Porsche part, it guarantees a perfect fit and meets the manufacturer's highest quality standards.

This component is ideal for owners of a Porsche 911 992 GT3RS who want to equip their vehicle with the exclusive Weissach package or need a replacement roof skin that meets the specific requirements of this high-performance package. The use of carbon not only improves driving dynamics through weight reduction, but also gives the vehicle a striking, high-quality look.
