Product description

This Porsche 911 991.2 Carrera 4 PDK transmission, model CG1.40, is an essential component for those looking to replace or upgrade their vehicle's gearbox. Designed specifically for the Porsche 911 model 991.2 Carrera4, this PDK (Porsche Doppelkupplung) transmission offers seamless gear changes and superior performance, enhancing both the driving experience and efficiency.

The OEM number for this transmission is 9G130001141, ensuring that it is a genuine Porsche original part, which guarantees compatibility and reliability. This particular unit is in a used condition but has been described as being in very good shape and undamaged, which makes it an excellent choice for those who need a replacement without the cost of a brand-new part.

The PDK transmission is renowned for its rapid shift times and precision, providing an unmatched level of control and responsiveness. This gearbox is specifically tailored for the Carrera 4 variant of the 991 model, ensuring perfect integration and performance.

Investing in this Porsche original part not only maintains the authenticity of your vehicle but also ensures that the performance remains at its peak. This gearbox is an ideal choice for maintaining the high standards set by Porsche and for ensuring the vehicle operates smoothly and efficiently.
