Product description

HEAD carbon ski poles. Thanks to the high-tech construction made of carbon, the poles are extremely light while at the same time offering maximum durability and strength. The ergonomic rubber grip and the adjustable Velcro fastener adapt perfectly to the gloves, and the carbide tip allows an optimal grip even on hard snow. Mini race baskets complete the aerodynamic design inspired by Porsche motorsport. The PORSCHE

HEAD in high-tech carbon design
Lightweight without sacrificing durability or strength
Ergonomic rubber handle and adjustable Velcro strap
Carbide tip for maximum grip
Aerodynamic design
