The year 2019 holds special significance in the history of the Porsche 914, as the mid-engined sports car was unveiled to the public exactly 50 years ago. To mark this anniversary, Porsche Classic is introducing a new tool bag for all variants of the 914.

The orange tartan fabric is a distinctive feature of the new bag. The design is inspired by the pattern of the seat covers in the 914. The tool bag also features the Porsche crest embossed on the front, which once appeared on the horn button of the six-cylinder 914/6 version.

Like all the tool bags that have since been reissued by Porsche Classic, the version for the 914 also contains a set of high-quality tools.
