Product description

Porsche Design Uhr "Monobloc Actuator 24-H-Chronotimer All Black".

- Wasserdichtheit: bis 10 bar;
- Durchmesser 45,5 mm;
- Höhe: 15,6 mm;
- Kaliber: Schweizer Chronographenkaliber ETA Valjoux 7754 mit Zwei-Zeitzone-Mechanismus;
- Finish: Schwarze Titancarbid-Beschichtung, glasperlgestrahlt;
- Gehäuseboden Material: Getöntes Saphirglas;
- Armband: Titan;
- Glas: Saphirglas, Kratzfest;
- Energie: Automatik, Aufzugsrotor, energieoptimiert.

Calibre

Swiss Chronograph calibre ETA Valjoux 7754 with dual time zone mechanism

Diameter

30 mm

Vibrations

28,800 per hour [4 Hz]

Height

7.9 mm

Power reserve

48 hours

Rotor

PD icon rotor

Jewels

25

Strap

Clasp Titanium stainless steel folding clasp with fine adjustment, Black titanium carbide coating, glass bead blasted

Description

The best test track: everyday life. One of the most recent Porsche Design innovations is the MONOBLOC ACTUATOR, presented in 2017. It shows the role the art of motorsports engineering plays in watchmaking: It gives titanium – a material that has been used successfully in engine construction for more than 50 years – a completely novel form. And revolutionizes the classic stopwatch function of a wristwatch. Instead of the familiar push-piece, the chronograph has a single rocker switch, inspired by the engine of the Porsche 911 RSR. Additional intelligent functions such as the two-time-zone mechanism make the sporty chronograph an ideal partner. Because time is not just the measure of all things for motorsports, but for the wrist too.
