Product description

This product is a left rear axle side part for the Porsche 911, model 992.1, identified by the OEM number 992505063A. It is a genuine used part, specifically designed to fit seamlessly with the Porsche 911 models under the 992 series. The condition of this part is reported to be very good, with no damage, ensuring that it maintains the high standards expected from Porsche original parts.

This rear axle side part plays a crucial role in the vehicle's suspension system, contributing to the stability and handling of the car. Its compatibility with the Porsche 911 model 992 ensures that it will function as intended by the vehicle's manufacturer, maintaining the performance and aesthetics of the car.

Purchasing this genuine used part provides a cost-effective solution without compromising on quality, making it an excellent choice for repairs and maintenance. This ensures that your vehicle retains its original performance characteristics and resale value.
