Product description

This rear engine cover, also known as the motor hood, is specifically designed for the Porsche 911 996 Carrera 4S Coupé. It is an essential component for owners looking to replace or upgrade the rear section of their vehicle where the engine compartment is located. The part number for this OEM (Original Equipment Manufacturer) product is 99651222101G2X, ensuring a perfect fit and compatibility exclusively with the Porsche 911 model 996 Carrera 4S Coupé.

Crafted with precision, this engine cover is brand new and comes in a primed condition, ready to be painted to match the color of your vehicle. It maintains the high standards of quality and performance that are characteristic of Porsche original parts, ensuring durability and a seamless blend with the car's aesthetics.

This product is ideal for restoring the functionality and look of your Porsche 911 996 Carrera 4S Coupé's engine compartment, protecting the engine from environmental elements and maintaining the vehicle's sleek, high-performance appearance. Whether you are undertaking a full restoration or simply replacing a damaged part, this genuine Porsche rear engine cover is an excellent choice, combining quality with the assurance of original equipment manufacturing standards.
