<b>Price:</b>	<b>1.053,34 €</b> <b>(nett:885,16 €)</b>

## Product description

This vibration damper is specifically designed for the Porsche Panamera G1/970 with a 3.0L diesel engine, capable of producing 155/184 kW of power. As a crucial component in reducing engine vibrations, this damper ensures smoother operation and enhances the overall driving experience of your Porsche Panamera.

Manufactured to the highest standards, this part is a genuine Porsche original, ensuring perfect compatibility and performance. It is brand new, unused, and undamaged, maintaining the quality and integrity expected from Porsche components.

The OEM numbers associated with this vibration damper are 059105251CM, 059105251AP, and 00004311008, confirming its authenticity and suitability for specific Porsche models. This direct replacement part is essential for maintaining the engine's longevity and efficiency, particularly important for the precision engineering of Porsche vehicles.

Whether you're replacing a worn-out damper or proactively managing your vehicle's maintenance, this vibration damper is an excellent choice, providing reliability and peace of mind with the backing of Porsche's reputation for quality and performance.
